Hospital Peer Review®
1995 Index

Adverse drug events
collaboration — not blame — reduces ADEs, SEP:133
crossing T's, dotting I's, SEP:134
identify ADRs early with risk assessment, OCT:150
tracking ADEs leads to root causes of errors, SEP:132

Agency for Health Care Policy and Research
releases guide to evaluating quality of care, OCT: 151

Ambulatory patient grouping
Medicare APG system looms on horizon, JUN:85
task force ensures smooth sailing for APGs, JUN:86

Capitation
success under capitation hinges on big picture, JAN:21

Careers
in hospital quality hinge on process management, NOV:suppl.

Clinical guidelines
keep guideline implementation orderly, NOV:158
tips for introducing guidelines successfully, NOV:159

Continuous quality improvement
changeover helps staff learn CQI by living it, JAN:17

Credentialing
avoid malpractice woes by shoring up credentialing, JUL:107
MCOs appreciate hospitals that put a premium on credentialing, DEC:165
nine techniques for better background checks, DEC:167

Critical paths
choosing high-volume, high-cost DRGs for paths not always best, OCT:137
conflict with MDs' traditional ethics, OCT:140
how to manage your outcomes more effectively, AUG:120

Cross-walking
cross-walk Baldrige-Joint Commission with care, NOV:160

Discharge planning
caregiver resources are a phone call away, APR:56
DPs prepare school for 'new' child, JAN:10
HCFA requires discharge planning for all in need, APR:57
family background important with child brain injury, JAN:9
for elderly requires extra considerations, APR:55
frail elderly patients avoid nursing home through PACE, JUL:101
model cuts confusion and LOS, JAN:15
narcotics safe for acute, chronic pain, JAN:13
on-site apartment mimics life after discharge, JUL:103
rehab facilities offer chance to 'unweanable' vent patients, APR:61
spinal cord rehab facilities juggle lower LOS, quality, OCT:143
starts early for family practitioners, APR:60
study validates discharge planning, APR:57
therapeutic golf puts patients back in the swing, APR:58
top six questions to ask spinal cord injury rehab centers, OCT:146

Health Care Financing Administration
grants 'deemed status' to accredited labs, JAN:19
Medicare pilot programs praised for innovation, OCT:141
requires discharge planning for all in need, APR:57

Health care quality certification
CPHQs near 5,000 mark, APR:68

HEDIS
earns high marks, but not ready to go solo, APR:67

IMSystem
set for overhaul that offers multiple options, MAR:37

Hospital policies
discrepancy triggers policy overhaul (Overland Park, KS, Regional Medical Center), FEB:32
revamp includes new format for written policy, FEB:33

Indicators
ANA mulls nursing care measures for report cards, MAY:71

Joint Commission on Accreditation of Healthcare Organizations
avoid overdeveloping restraint policy, SEP:127
changes survey process, AUG:115
continuum of care standards stress total patient experience, AUG:113
cross-walk Baldrige-Joint Commission with care, NOV:160
design new processes to meet Joint Commission standards, MAY:78
discrepancy triggers policy overhaul (Overland Park, KS, Regional Medical Center), FEB:32
environment-of-care solutions shared, JUL:95
environment-of-care standards improvement program, JUL:93
forms small-hospital work group, FEB:29
frees hospitals from tight restraint rules, SEP:125
hospital questions cost of survey, FEB:28
hospitals hope action plan will correct problems with survey, MAR:40
HPR readers speak out on accreditation issues, JUL:97
IMSystem set for overhaul that offers multiple options, MAR:37
make document review easy for surveyors, MAY:74
MCOs, Joint Commission eye non-admitting doctors, JUN:88
medical record interview streamlines paperwork, JAN:3
new survey approach: continuous accreditation (Orion Project), APR:52
organizationwide plan of care, some flexibility offered, JUN:81
organized documents pave way for a smooth survey, MAY:73
standards for 1995 introduced, JAN:1

Need back issues? Call our order department at (800) 688-2421; inside Georgia (404) 262-7436.

Joint Commission on Accreditation of Healthcare Organizations (continued)
survey-weary hospitals drop Joint Commission accreditation, FEB:25
tests waters to create user-friendly accreditation (Orion Project), APR:49
trims staff, surveys itself, APR:54
twenty quality activities required, JAN:7
urges competition for itself, APR:51
weigh options before dropping Joint Commission, FEB:26

Magnet hospitals
empowering nurses promotes quality care, MAR:41
share their successes, MAR:43

National Association for Healthcare Quality
CPHQs near 5,000 mark, APR:68

National Committee for Quality Assurance
HEDIS earns high marks, but not ready to go solo, APR:67

National Practitioner Databank
about 75% of hospitals not reporting to data bank, JUN:91

Orion Project
Joint Commission tests waters to create user-friendly accreditation, APR:49

Peer review organizations
Iowa PRO saves almost $4 million, FEB:30
PROs favor observation of some prostate patients, JUL:105

Performance reports
HEDIS earns high marks, but not ready to go solo, APR:67
IMSystem set for overhaul that offers multiple options, MAR:37
performance measures required, but which ones? DEC:173

Preventive care
neonatal ailments plunge in wake of prenatal plan, AUG:117
tracking immunizations: new twist on old concept, MAY:75

Quality improvement
finding most important projects, NOV:153
Hawthorne Hospital (Los Angeles) shifts to QI, JAN:8
is your quality planning tied to your QI strategy? MAR:45
journal club provides answers to post-op nausea, OCT:147
know what data to collect before setting out, NOV:156
measure outcomes to allow process adjustment, NOV:155
set priorities when planning QI projects, FEB:34

Quality management
be sure to monitor quality in your psychiatric unit, SEP:129
quality data give hospitals edge in MCO contracting, DEC:170

Re-engineering
design new processes to meet Joint Commission standards, MAY:78
discrepancy triggers policy overhaul (Overland Park, KS, Regional Medical Center), FEB:32
empowering nurses promotes quality care, MAR:41
magnet hospitals share their successes, MAR:43
re-engineering: a smart move or downfall of quality care? MAY:69
revamp includes new format for written policy, FEB:33

Risk management
identify ADRs early with risk assessment, OCT:150
know the game before entering risk contracts; AUG:119

Spath, Patrice
avoid malpractice woes by shoring up credentialing, JUL:107
be sure to monitor quality in your psychiatric unit, SEP:129
browse journals for cost saving, quality tips, APR:65
design new processes to meet Joint Commission standards, MAY:78
how to manage your outcomes more effectively, AUG:120
identify ADRs early with risk assessment, OCT:150
is your quality planning tied to your QI strategy? MAR:45
keep guideline implementation orderly, NOV:158
MCOs, Joint Commission eye non-admitting doctors, JUN:88
performance measures required, but which ones? DEC:173
set priorities when planning QI projects, FEB:34
success under capitation hinges on big picture, JAN:21

Utilization management
examples illustrate newsletter's efficacy, APR:64
newsletter eases physician buy-in, APR:63
